 */

void setup() {

}

void loop() {
   // turn off tone function for pin 11:
   noTone(11);
  // play a note on pin 6 for 200 ms:
  tone(6, 440, 200);
  delay(200);

  // turn off tone function for pin 6:
  noTone(6);
  // play a note on pin 7 for 500 ms:
  tone(7, 494, 500);
  delay(500);

  // turn off tone function for pin 7:
  noTone(7);
  // play a note on pin 11 for 500 ms:
  tone(11, 523, 300);
  delay(300);

}
```
